Once again this illustrates the ~~xxxxx~~ inadvisability of sanctioning loans to such bodies or persons as have no sense of the sacredness of a contract whenever a person or an institution has passed a promise or entered into a contract, it should be with him or it, a matter of honour — more than life itself — to stick to it. To seek to alter its terms later to his or its own advantage is definitely a repudiation of debt In such a state of things, creditors will not survive long and they would be dense indeed, if after one or two of such experiences, they did not become shy and wary

18 It is inadvisable to sanction loans to those who cannot repay and even more so to those who will not This municipality is able to repay and will not

19 Govt need not proceed with the 2nd stage They may intimate to this municipality, that since they have gone back on their word, all stages are over so far as the govt are concerned Out of the town - upgrowement grant already sanctd or to be hereafter sanctioned we may recover our dues and be more cautious in such matters in future

21) The representations of the Municipal

had seen me at Mysore during Dasara
& requested me to waive the loan in question
I have definitely told them that it is not
possible I have also told them that if they pleaded
their ~~xxx~~ inability to pay the loan further grant
& the loan would be stopped they have
promised that they would hereafter regularly
pay the instalments as per condition imposed
at the time of granting loan therefore
it is not desirable to stop the work at this
stage the second stage of work
may be taken up An undertaking
may be insisted that it is ~~not possible~~
to waive the loan

Sir,

Subject, Water supply loan granted to Turuvanur Municipality

I have the honour to state that Govt in their order No L 9806-9 Ml 64-44-9, dated 25-3-1946 have sanctioned an estimate amounting to Rs 46,230/ in respect of the water supply scheme of Turuvanur Minor Municipality and ordered to take up the first stage of the scheme estimated at Rs 24380/ for execution immediately the cost being met by the Govt and the Municipal Council in equal proportions Further, in order to enable the Municipal council tobear its share of the cost of the first stage a loan of Rs 12190/ carrying interest at 3½% and repayable in twenty annual instalments was also sanctioned This amount has been placed at the disposal of the Sanitary Engineering Department The Municipal Council at their meeting held on 7-7-1948 have resolved that as the first stage of the water supply scheme is nearing completion Government may be requested to commence the second stage

During the recent visit of the Minister for Law and Labour to Turuvanur, the Municipal Council represented to him to treat the loan outstanding as a grant and to take up the second stage of the scheme entirely at the cost of Govt The Municipal uncil at their meeting held on 23-7-1948 have resolved that the Municipality is unable to repay the loan of Rs ~~23115/-~~ 23115/- ie half of the total estimated cost of the water supply scheme and to requ st Govt to treat this loan amount also as a outright grant The annuity of the loan granted for the first stage of the scheme is Rs 859-3-2 and the Municipality has paid only two instalments Turuvanur was a village panchayet and was converted into a Minor Municipality with effect from 1-3-1945 in Govt order No L 6059 V P 4-43-14 dated 19-12-1944 The ~~minor~~ main source income of the Municipality is from Assessed taxes and the incom

from Octroi and other sources is negligible The actual income of the Municipality during the year 1947 is detailed in the margin The Municipality has to expend a major portion of its income on its office, water supply and sanitation establishments and Turuvanur is not a commercial centre and there is no scope to improve the income under Octroi even by levying duty on alb articles permissible under the rules Drinking water supply to Turuvanur is a long felt need and prior to the existing arrangements, of pumping water from the only well situated half a mile away from the village, the people of Turuvanur were suffering from Guinee worm disease.

Octroi	492-0-0
Mohatarfa	3382-0-0
Pounds	122-0-0
Total,	3996-0-0

In thse circumstances, I request that necessary sanction of Govt may kindly be obtained to the prayer of the Municipal council to treat the balance of loan of the first stage as an outright grant and to take up the second stage of the water supply scheme exempting the Municipality to bear any share

The copies of resolutions of the Municipal Council referred to above are enclosed herewith for kind perusal
